Merton Cycling Campaign represents the views of cyclists from across the borough of Merton with a range of different ages, abilities, and purposes for their journey.
6616093357	Yes	Yes	Yes	Yes	Yes		Yes	Yes	Yes		There's a need to enhance the area south of the station in Kingston Rd to make for a sunny community space. When planning, to allow for spaces for large trees in streets and within developments (as in Kingston Rd at Wimbledon Chase) but this needs statutory service runs to be limited to the back of pavements.
6616044505	Yes	Yes	Yes	Yes	Yes	Tackle surface water run off through cracking down on further driveway hard surfaces & much more regular & effective street gutter clearing to stop drains blocking. Tidy up street scene by rationalising signage & street furniture - it's cluttered & messy.	Yes		Yes

6611687878	Yes	Yes	Yes	Yes	Yes	The Town suffers from litter on the railway sidings. This is because of open fencing that allows dropped litter to collect. The council should work with Network Rail to ensure new fencing is installed and litter is cleared. Better enforcement of litter offences is needed. Including ID checks in flytipped litter	Yes	Yes	Yes	Yes	The New waste collection and street cleaning contract with Veolia is not working. Residential streets must be swept after rubbish collection
6610078979	Yes	Yes	Yes	Yes	Yes		Yes	Yes	Yes	Yes	Ensure Crossrail 2 does not kill off local shopping centres (e.g Motspur Park and the parade of shops on Burlington Rd) by closing the level crossings without providing alternative vehicular, cycling and pedestrian access across the railway (both level crossings).
6610070076			Yes	Yes		We'd like to see commitments to enhance the ecological infrastructure and resilience of the neighbourhood, including enhancement of existing Sites of Importance for Nature Conservation (e.g. Beverley Brook, Lower Pyl Brook, Prince George's Playing Fields, etc), and enhancing that of existing green spaces (e.g. Raynes Park Recreation Ground. 6608442724	Yes	No	Yes	Yes	Yes	The CPZ restriction on parking around Raynes Park centre needs to be reviewed so a more flexible system can apply as seen in areas of Wandsworth. It is enough to ban non resident parking for 1 hr during the middle of the day. to deter commuter parking. It is not necessary to ban non residents all day. It is an illogical parking system to have roads lined with empty parking spaces which cannot be used by business people coming to shop or attend meetings in Raynes Park. There is a democratic deficit on this matter as businesses do not have votes - or if they did the CPZ system would be more flexible.	Yes	Yes	Yes	Yes	As CR2 designates Raynes Park as a major rail intersection, and the intention is to have people use rail and not cars, what provision is being made for commuters to park their cars in the Raynes Park area and change to rail . There is no station car park at the moment. Is Merton ensuring such a provision is made within the CR2 safeguarding zone? In the light of the recent Mayor of London proposals, can we assume the Rainbow Estate proposal will be subject to an approved higher density development as it has an excellent PTAL rating next to what will be a major CR2 station

Also, a recently completely refurbished shop opposite Raynes Park Station has a step that is far too high for a wheelchair to get up and no other disability access - how has this been allowed?

6596303383	Yes	Yes	Yes	Yes	Yes	I would very much like to see more focus on emotional and mental well being of the local community. I think Raynes Park could have a very strong community if there was a place for them to come together. I would very much love to set up a business in Merton which could meet needs of Adults and children alike and bring more people to the community.	Yes	No	Yes	Yes

6546416784	Yes	Yes	Yes	Yes	Yes	I feel the area needs a plaza or square with no car or bus access a focal point. A good example is the need to have the Christmas festival in a supermarket car park. Kingston is a good example the way they are transforming their space in town.	Yes	Yes	Yes	Yes	Motspur Park has potential to be a Broadway Market if cars reduced and farmers market encouraged. Open up the lane between Grand Drive and Motspur Park between playing fields and St John Fischer would be great for walking and cycling to the station. Grand Drive is very dangerous to cycle along and is congested with traffic. Have a way for cyclists and buses get to Raynes Park faster than cars. Potential to improve the area outside shops next to St John Fischer. Having the constantly busy road next to St John Fischer is a health hazard for the pupils - lots of lorries use that road

Email		Yes			Yes	A W Champion is a very well established local firm. They are timber merchants who have operated from their current site on Burlington Road since the 1930's. Due to the nature of their business, almost all of their customers and deliveries rely upon road access. The existing congestion on Burlington Road, particularly at peak times, can be a deterrent to customers. For this reason they welcome measures by Merton Council that will alleviate congestion and traffic delays on Burlington Road.
