

## **PROPOSED CHANGES TO VARIOUS PERMITS / PERMIT CHARGES**

### **STATEMENT OF REASONS**

#### **THE MERTON (PARKING PLACES) (PERMIT CHARGES) ORDER 202\*** **THE MERTON (OFF-STREET PARKING PLACES) (NO. \*) ORDER 202\***

The purpose of the Orders is to adjust the on-street parking places permit charges and the off-street parking police season ticket / permit charge in respect of the Queens Road car park to reflect inflationary pressure on the cost of managing and enforcing parking provision over recent years. The Orders also provide for the introduction of a supplement on the cost of parking permits for high carbon emission vehicles, to provide an incentive for motorists to switch to lower emission vehicles in response to the climate emergency.
